

## IHA Acute Care Training Program

The Iroquois Healthcare Association (IHA) applied for and received funding from the Mother Cabrini Health Foundation to offer online training courses specifically designed for acute care and entry level hospital positions.

This program is free of charge to IHA members.

The program supports the provision of 100 courses across a wide variety of topics including; Health Equity & Belonging, Implicit Bias, Resiliency, Mental Health, Professional Development, Healthcare 101 and more.

The program also includes;

- Administrative support
- The provision of free Google Chromebooks to aid learning
- Opportunities to provide specific course feedback

### Establishment of a course framework that puts emphasis on:

- 01** Recognizing and developing strategies with work related stress
- 02** Developing soft skills such as communication, teamwork, and interpersonal relations
- 03** Improving skills necessary to complete job responsibilities at a high-quality level
